

## Hand in Hand

Hand in hand we walk with Jesus,  
singing praises to our Lord.  
Let all nations join the chorus,  
raise to Him a mighty chord.  
There must be a great revival  
tell the story all abroad:  
that His Church is universal  
and that only He is God.

Yes, God's love is all compassing,  
it can light the darkest night.  
't Was His Son Who through His suffering,  
freed all sinners from their plight.  
By His death He sealed our pardon,  
so we now may fellowship  
with the God of all creation  
in a new relationship.

When we look at God's creation,  
marvel at His handiwork,  
He's the God of ev'ry nation,  
all the universe His kirk.  
None can stop the works of God now  
'cause our Lord is in control.  
And His Spirit has the know-how  
and the key to mankind's soul.

We will to His glory witness,  
and His love for all mankind.  
't Is His Spirit that will guide us,  
all our actions mastermind.  
Hand in hand we walk with Jesus  
singing praises to our Lord.  
Let all nations join the chorus,  
raise to Him a mighty chord.

Aan de hand van Jezus gaaan wij,  
trekken zingend met Hem voort.  
Alle landen, kom en zing blij,  
biedt Hem hulde, ongestoord.  
Heel de wereld moet ontwaken,  
hoor Zijn evangelie Woord.
